Together — We can! Change Everything!

Mission Accepted. Welcome, Beta Angel.

If you are reading this, you have answered the call and accepted the Patchwork Angels™ 14-Day Beta Testing Mission.

For the next 14 days, you will help us explore, test, and strengthen the Patchwork Angels™ mobile app. Every mission you complete, every problem you uncover, and every honest observation you share adds another stitch to the quilt we are building together.

This is more than simply opening an app. You have accepted an active assignment: test with purpose, report with honesty, and help us prepare Patchwork Angels™ to serve the people who will one day depend upon it.

We are Patchwork Angels™—called to serve, united in purpose, and committed to carrying the light of Jesus into places where people need support, healing, and hope.

"As every man hath received the gift, even so minister the same one to another." — 1 Peter 4:10 KJV

Your mission has begun.

Your Beta Testing Daily Assignment

Each day, you will receive a new Beta Angel Mission. Your assignment may ask you to explore a particular area of the app, test a feature, complete an activity, follow a specific pathway, or observe how the app responds.

Your mission is to:

- Use the Patchwork Angels™ app actively and intentionally.
- Complete the assigned daily mission.
- Pay attention to what works and what does not.
- Identify bugs, errors, confusing instructions, or broken features.
- Consider accessibility, readability, navigation, and ease of use.
- Share honest, specific, and constructive feedback.
- Submit your daily Beta Angel Check-In.

We do not expect perfection from a beta version. Finding problems is part of the mission. You will never lose credit for respectfully reporting something that is broken, confusing, frustrating, or difficult to use. Honest feedback helps us build a stronger app.

1. Daily Participation and Mission Bonuses

Simply opening the app does not complete your daily mission or qualify for rewards.

To earn your Daily Activity Bonus, you must:

1. Complete at least one meaningful beta-testing activity;
2. Complete the day's assigned mission when one is provided; and
3. Submit your official Beta Angel Check-In for that day.

Daily Activity Bonus

- Complete your meaningful activity and daily check-in: +1 Stitch

The Daily Activity Bonus may be earned once per day. It is awarded in addition to any standard Stitches offered for completing that day's specific mission.

Meaningful beta-testing activities may include:

- Testing an assigned feature;
- Completing a mission or activity inside the app;
- Following a navigation path from beginning to end;
- Identifying a technical problem, broken link, or display issue;

- Testing a button, form, audio feature, sharing feature, or account function;
- Reporting confusing language or instructions;
- Identifying an accessibility or readability concern;
- Reproducing a previously reported issue;
- Providing a specific recommendation for improvement.

Blank, copied, repeated, unrelated, abusive, dishonest, or unverifiable submissions will not qualify.

2. Streak Milestone Bonuses

Consistency matters. Beta Angels who complete missions and submit their check-ins on consecutive days can earn additional Stitch bonuses.

Mission Streaks

- 3 consecutive active days: +3 Bonus Stitches
- 7 consecutive active days: +7 Bonus Stitches
- 10 consecutive active days: +10 Bonus Stitches
- 14 consecutive active days: +14 Bonus Stitches

Each streak milestone is awarded when it is reached. Missing one day ends your current streak. However, missing a day does not remove you from the Beta Testing Mission. You may return the following day, begin a new streak, continue earning regular Stitches, and qualify for any smaller streak milestone that can still be completed during the testing period.

3. The Perfect Beta Streak

Any Beta Angel who successfully completes the required participation and check-in for all 14 consecutive days will receive:

14-Day Beta Angel Bonus

- +20 Stitches

Special Recognition

- Founding Beta Angel - 14-Day Complete Tester

The 20-Stitch Perfect Beta Bonus is awarded in addition to the regular Daily Activity Bonuses, daily mission Stitches, and earned streak milestone bonuses.

A Beta Angel who completes all 14 days may therefore earn:

- 14 Daily Activity Stitches;
- The 3-Day, 7-Day, 10-Day, and 14-Day milestone bonuses;
- The additional 20-Stitch Perfect Beta Bonus; and
- Any standard Stitches assigned to individual daily missions.

Stitches are recognition points used as part of the Patchwork Angels™ Beta Testing Program. Stitches have no monetary or cash value and cannot be purchased, sold, transferred, exchanged, or redeemed.

4. Your Daily Mission Report

After completing the day's assignment, submit your official Beta Angel Check-In.

Your check-in may ask:

- Which mission or feature did you test?
- What device did you use?
- What worked correctly?
- What did not work correctly?
- Did you encounter a bug, error, delay, or crash?

- Was anything confusing or difficult to find?
- What would improve the experience?
- Do you have a screenshot or screen recording?
- Is there anything else the development team should know?

Please be as specific as possible. "It did not work" gives us very little information. Tell us where you were, what you selected, what you expected to happen, and what actually happened.

Mission Complete Once your qualifying check-in has been received, your daily mission is complete and another stitch has been added to the quilt.

5. Final Evaluation and Grand Prize

At the conclusion of the 14-day mission, participants must submit a Final Beta Evaluation to DREAMTEAM Studios™ to complete the program and be considered for the Grand Prize.

The Final Beta Evaluation should contain:

- A comprehensive list of technical issues or bugs observed;
- The location of each issue within the app;
- Steps that may help the team reproduce each issue;
- The seriousness or severity of each issue;
- Accessibility or readability concerns;
- Features that were confusing or difficult to use;
- Actionable recommendations for improvement;
- Features or experiences that worked especially well; and
- Final thoughts about the Patchwork Angels™ experience.

Selection Process All eligible Final Beta Evaluations will be presented to the Patchwork Board for review. The Board will vote to select the submission containing the most intuitive, specific, useful, and impactful feedback.

Entries will be evaluated based on:

- Specificity and completeness;
- Ability to help the team understand or reproduce reported issues;
- Potential impact on the user experience;
- Practical value of the recommendations;
- Organization and clarity; and
- Overall contribution to improving Patchwork Angels™.

The Grand Prize is based on the quality and usefulness of the Final Beta Evaluation. It is not automatically awarded to the participant with the most Stitches.

Grand Prize

The selected Beta Angel will receive:

- \$100 Store Credit

The store credit will be issued for [INSERT EXACT STORE OR WEBSITE]. The prize is not transferable and cannot be redeemed for cash. The winner is responsible for any applicable taxes, shipping costs, or other expenses not expressly included with the prize.
